# NDTA Presents Corporate Distinguished Service Awards at the 65th Annual Logistics & Transportation Forum and Expo

*The voice of Global Defense Logistics*

[Alexandria, VA; August 8, 2011] Every year, corporations that have made significant contributions in the areas of logistics, transportation and Association leadership are recognized at the Annual NDTA Logistics and Transportation Forum and Expo. On September 14th, twenty-nine outstanding companies, and their employees, will be honored at the NDTA International Awards Luncheon that will be held at the Hyatt Regency - Phoenix Hotel. All of these firms, which are actively involved in NDTA from serving on NDTA Functional and Administrative Committees to hosting NDTA events, benefit the broad-based membership throughout the year at both the National and Regional levels.

Corporate representatives share knowledge as speakers, session leaders and panelists; they provide thoughtful commentary to the Association’s bi-monthly publication, the *Defense Transportation Journal*; and they introduce current industry trends at NDTA expositions and trade shows. Many are actively engaged in Chapter activities to help shape local community and scholarship programs.

LTG Kenneth Wykle, USA (Ret.), Association President, extends sincere thanks to 2011 Corporate Distinguished Service Awardees for helping NDTA to offer viable programs and events that are open to the industry. “NDTA is hosting its 65th Forum this year. Our Nation and our membership have faced many challenges since our first forum was held in Chicago in 1946. In the past decade alone, we have weathered terrorist attacks on our homeland, front line conflicts in the Middle East; piracy off of Africa’s coast; significant budget cuts and rising costs; and devastating natural disasters at home and abroad too numerous to mention. The odds against us have been great, yet recovery has been swift, sure and remarkable. This year’s Forum theme, ‘Rising to the Challenge,’ reflects our commitment as an Association to rise to the challenge together in the spirit of true partnership,” said President Wykle.

Recognition will also be given during the 65th Forum to Students, Military Organizations and NDTA Chapters and Members for the outstanding achievements they have made during 2010. For more details concerning Forum programs and activities, please contact [Mark Victorson](#) at NDTA HQ.
